Barros

Having celebrated their 100th year of trading in 2013, Barros Port is undoubtedly one of the most prestigious companies producing and trading in Port. Much of their success comes from Colheita Ports - old Tawnies from a single year matured in cask for a minimum period of seven years.

Their expertise in Colheitas has established them as the stand out producer of this style. Barros leaves their Colheita Ports to mature in cask until being hand bottled to order. The loss of wine from evaporation (known as the 'Angel's Share') is much higher in comparison to bottle ageing.

It is a sacrifice they are willing to make and one that helps them achieve unsurpassed quality in their Colheita wines. In June 2006, Barros Ports was integrated into the Sogevinus Group who are now responsible for growing the brand in the international markets.
